Nonviolence Discipline

To assist in unity of demonstration participants, and to project justice, our humanity, and our moral message:

- 1. We will not carry weapons.*
- 2. We will not vandalize or destroy property.*
- 3. We will not use or carry alcohol or illegal drugs.*
- 4. We will not run or make threatening motions.*
- 5. We will not insult, swear at, or attack anyone, refraining, in the words of Dr. Martin Luther King, Jr., from "the violence of fist, tongue, or heart."*
- 6. We will not assault, verbally or physically, those who oppose or disagree with us.*
- 7. Our attitude, conveyed through our words, symbols and actions, will be one of peace, openness, and respect toward everyone.*
- 8. We will remain focused on the message of the demonstration, cooperate with the planning of the demonstration, and help maintain its nonviolent discipline.*
- 9. If an individual has a serious disagreement with the organizers of the action that cannot be resolved, the individual will withdraw from the action.*
- 10. We will maintain — in word and deed — our nonviolent resolve for peace and justice.*

**Dear Drone Operators,
Just walk away.
Stop the killing
Peace,
Your neighbors**

In March 2013, Rep. Patrick Meehan (R-PA-CD#7), along with U.S. Air Force and PA Air National Guard representatives, announced plans to establish a drone war command center at the Horsham Air National Guard Station. The Air Force and PA Air National Guard in April 2016 announced that the command center was fully operational.

The objective of this command center is remote-controlled killing. From Horsham, computer piloted "Reaper" drones are directed to targets thousands of miles away.

These attack drones carry deadly Hellfire missiles and laser-guided bombs that are fired on command by computer operators in the continental United States against people in Pakistan, Afghanistan, Yemen, Syria, and Somalia.

Drone strikes have killed thousands of people, mostly civilians and children whose images and faces have appeared on the operator's monitor.

We cannot allow acts of terror in the world to justify the high-tech, robotic terror of drone warfare. Drone strikes plant the seeds of hatred and future acts of terror against the United States.

The multimillion-dollar command center in Horsham is a central part of a growing network of drone bases, training sites, and command centers, crisscrossing the U.S, funded by billions of U.S. tax dollars, and enabling remote-controlled drone strikes around the world.

Killer drones are part of the U.S. policy of endless war around the world. The killing must end. We must stop the drone war command center in Horsham, PA.

See the reverse side about what you can do.

Stop Drone War Command Center

Call Your U.S. Representative

To find the name of your U.S. representative, go to www.house.gov/representatives/find.

Once you have the name, call the Congressional Switchboard at 202-224-3121. Ask for your representative's office, and you will be transferred to his or her line.

Special attention should be given to:

Patrick Meehan (R-PA-CD#7, tel: 610-690-7323, <http://meehan.house.gov>), chief congressional backer of the Drone War Command Center in Horsham. His district, mostly Delaware County, includes part of Montgomery County and Horsham Township.

Brendon Boyle (D-PA-CD#13, tel: 215-517-6572, <http://boyle.house.gov/contact/offices>). His district includes Northeast Philadelphia and part of Montgomery County and Horsham Township.

Call your senators

Bob Casey, tel: 215- 405-9660

Pat Toomey, tel: 215-241-1090

Call the Governor's Office

Call and write the Governor's office now: tel: (717) 787-2500; 508 E-floor Main Capitol Building, Harrisburg, PA 17120.

Demand that PA Gov. Tom Wolf (and head of the PA Guard/Air National Guard), **take responsibility.**

Meet the Reaper

MQ-9 Reaper Drone

unmanned, remote-controlled

66 foot wingspan, 4,900 lbs.

230 mph cruise speed

1,150-mile range, 50,000 max. altitude

\$53.5 million (FY 2006 dollars)=cost of four aircraft with sensors, (not counting weaponry and remote-control technology)

Reaper Weaponry

Hellfire Missiles

Paveway/GBU-38 Laser-Guided Bombs (Lockheed Martin/Raytheon)

Initiated by the Brandywine Peace Community and the American Friends Service Committee, the nonviolent campaign to stop the drone war command center has the endorsement of a growing list of groups and activists: Bryn Mawr Peace Coalition; BuxMont Coalition for Peace Action; Catholic Peace Fellowship; Coalition for Peace Action (Princeton, NJ); Death Walk Against Drones; LEPOCO (Lehigh-Pocono Committee of Concern); Germantown Monthly Meeting of the Religious Society of Friends (Quakers); Global Women's Strike/Phila.; Granny Peace Brigade—Philadelphia; Green Party of Philadelphia; Greens of Montgomery and Bucks County; Main Line Peace Action; Pacem in Terris (Wilmington, DE); Payday men's network/Phila.; Peace & Justice Ministry of St. Vincent's Roman Catholic Church in Germantown; Philly Against War; Peace Center of Delaware County; Philadelphia Catholic Worker; Shalom House/Circle of Hope; Veterans for Peace; Vietnam Veterans Against the War; Women's International League for Peace & Freedom (WILPF), Phila-Delco.
